

SCHOOL OF ALLIED HEALTH SCIENCES

It gives us great honour to welcome you to our School of Nursing at International Institute of Science Mantin (IISM). Since the inception of IISM a total of two hundred and fifty graduates have been through our Diploma in Nursing programme and are now out in the workforce. Our nursing programme focuses on a holistic approach that covers a concise and comprehensive syllabus. It is accepted by the Malaysian Nursing Board and is certified by the Malaysian Qualifications Agency (MQA).

We take pride in our programme here at IISM as it gives our students a unique real-work experience in this high-in-demand and noble profession. Our students undergo clinical attachments with General Hospitals within the country and gain experience through training at various critical and non-critical medical practices. Our facilities at Linton Campus is one of the best in the country and is fully capable of giving the best in-house practical training.

We look forward to having you with us.
